

# JustGiving *guide*

JustGiving is a fun and easy way to fundraise online which saves us money too! We've created this quick guide to help you set up your fundraising page.

## Creating your page

1. Sign up or log in to your account at [www.justgiving.co.uk](http://www.justgiving.co.uk).
2. On your overview page, select **Start Fundraising**.
3. Search and choose **Princess Alice Hospice** when prompted.
4. Choose your **page type**. If you're doing your event in memory of someone, you will be given the opportunity to enter their name during this process, whichever event you choose.
5. Customise your JustGiving **web address**.
6. When complete, select '**Create your page**', and you're good to go!

## Helpful tips

- Make your web address memorable and fun so people remember it.
- Remember to add photos and posts to tell your story.
- Set up a team page if you're fundraising with friends.
- Around 20% of donations through JustGiving are received after people finish their event, so keep fundraising once you've crossed the finish line. It's a good chance to email an update about how you did and a final appeal for donations.
