

We couldn't do any of this without

the *generosity* of our local community

It costs over £11.5 million a year to provide this care, and with just 20% funded by the NHS, we rely on our community – people like you – to help raise the rest. Whether you've donated, fundraised, volunteered or shopped with us, your support is what makes this possible.

Here are a few examples of the wonderful ways people got involved last year:

- Over **1,700 incredible people volunteered** their time, energy and compassion – helping to keep our care running day in, day out.
- Generous gifts in Wills **helped fund over a third** of our vital care – a lasting legacy of love.
- Nearly **1,000 of you** joined the Local Hospice Lottery in support of us, helping raise over **£311,000** to support our care – thank you for making every ticket count.

Over 1 million pre-loved items found a new home via our shops, helping raise over £1.1 million to fund our care.

More than **700 people** took part in our Santa fun run events in December. Together they helped raise **over £66,000** for Princess Alice Hospice.

Nearly **1,000 of you** ran, walked, climbed, abseiled or took on another challenge for us.

Your support really means the world to us

Every day, your kindness helps make something extraordinary happen – expert, compassionate care, delivered free of charge to local families who need it most. **Thank you so much for all you do.**
